Hotel Amber Design **** is a new quality enlightening the walls of the historical tenement house, located in a quiet street just 5 minutes away from the Main Square. As part of the Amber Boutique Hotels complex, it will enchant you with its art deco and Art Nouveau ornaments. Being a brand new facility, commissioned in July 2013, on the structure of an interestingly and richly decorated façade of a tenement house, it draws attention from passer-bys and invites to enter the reception desk. The historical details harmoniously blend with the other elements of its equipment. Original tile stoves form a cosy way of heating for the interior and the historic mosaic add even more charm to the thoroughly renovated wooden staircase. The images with motives taken from the Art Nouveau Krakow painter, St. Wyspiański, bring more stylish decorations to the rooms. Carafe of polish cherry wodka on arrival day, in-room tea and coffee set replenished every day, complimentary use of sauna & mini gym are just a few of the special touches offered to guests for a special stay in the city.
